## **A STATEMENT OF ADVERTISING PRINCIPLES**

- 1. Good Advertising**—aims to inform the consumer and help him to buy more intelligently.
- 2. Good Advertising**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
- 3. Good Advertising**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
- 4. Good Advertising**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America*

(Your Directory publishers fully subscribe to the principles set forth in this statement)

# INTRODUCTION

---

R. L. POLK & CO., publishers of the Monterey, Pacific Grove, Carmel City and Seaside Directory, as well as more than 750 other city, county, state and national directories, present to subscribers and the general public this, the 1954-55 edition of the above directory, which also includes a directory of the rural free delivery box holders on the Carmel, the Big Sur and Carmel Valley routes.

Confidence in the continued growth of Monterey and vicinity's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Monterey and vicinity to the world.

The enviable place occupied by R. L. POLK & CO.'S directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that this directory will fulfill its mission as a source of authentic information pertaining to the community.

## Six Major Departments

The several essential departments are arranged in the following order:

**THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is included in pages 19 to 200, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Monterey and vicinity, and the name, official personnel, nature and address of each firm and corporation. A similar list for Pacific Grove is included in pages 203 to 288; for Carmel, pages 291 to 375; for Seaside, pages 389 to 489.

**THE CARMEL VALLEY RURAL ROUTE DIRECTORY** extends from page 377 to 386, on white paper.

**THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE** for Monterey, covers pages 491 to 547, on pink paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and telephone numbers as supplied to us on canvass are shown

opposite the name. A similar section for Pacific Grove appears in pages 549 to 587; for Carmel, pages 589 to 619; Seaside, pages 621 to 662.

**THE BUYERS' GUIDE**, preceding the Classified and separately paged from 1 to 64, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Monterey and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. In ambitious and progressive communities like Monterey and vicinity the necessity of having this kind of information immediately available is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

**THE CLASSIFIED BUSINESS DIRECTORY** is included in pages 727 to 793, on canary paper. This department lists the various manufacturing, mercantile and professional interests of Monterey and vicinity in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays no small part in the daily activities of the commercial and professional world. More goods are bought and sold through the Classified Business Directory than through any other medium.

**THE NUMERICAL TELEPHONE DIRECTORY** for Monterey, Pacific Grove, Carmel and Seaside appears opposite page 794, on blue paper.

### **Community Publicity**

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Monterey and vicinity, for business men everywhere realize that the City Directory represents a community as it really is.

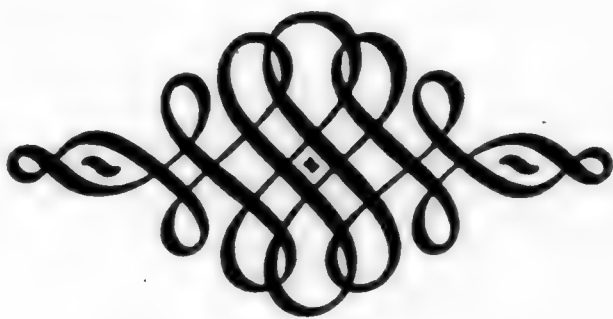

### **The Monterey Directory Library**

Through the courtesy of the publishers of the Monterey, Pacific Grove, Carmel and Seaside Directory, a Directory Library is maintained in the offices of the Monterey Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the directory as an advertising medium, with assurance that it will bring a commensurate return.

## STATISTICAL REVIEW

(Courtesy of Chamber of Commerce)

Date of Founding—June 3, 1770.  
Date of Incorporation—April 30, 1851.  
Form of Government—City Manager.  
Population—21,020.  
Area—5,856.5 acres.  
Altitude—4 - 600 ft.  
Climate—Mean average temperature 55F. Average rainfall 18 inches.  
Parks—More dedicated park acreage per capita than any other city in the United States. 153.12 acres in 5 developed, 5 undeveloped parks, a city beach, and the Monterey County Memorial Park.  
Assessed Valuation—\$26,700,000.00.  
Tax Rate—\$2.15 per hundred.  
Financial—Three commercial and two savings banks.  
Post Office Receipts—\$469,261.51 for 12 months ending November, 1954.  
Church Buildings—16.  
Building and Construction—For 12 months ending November, 1954, 424 permits in the value of \$3,030,770.00.  
Newspapers—1 daily and 1 weekly. Also a monthly magazine.  
Hotels—15.  
Motels—40. Trailer parks, 3.  
Transportation—Monterey is served by the Southern Pacific Railroad, Greyhound Bus Line, Southwest Airways and has connections to United Air Lines in Salinas.  
Amusements—5 movie theatres (including a drive-in), 2 little (legitimate) theatres, frequent concerts and recitals. Monterey is famous for its five golf courses, tennis courts at most resorts and hotels, as well as splendid court at high school, horseback riding on beautiful bridle paths, swimming, bicycling, boat riding and unexcelled deep sea fishing.  
Hospital—1 with 55 beds.  
Education—Junior college with 750 students, high school of 1250, 14 elementary schools (including 2 junior high schools) of 6,000 students, child care center, parochial elementary and high schools.  
Public Library—1, containing approximately 55,507 volumes.  
City Statistics—Police department has 33 men including Chief of Police. Fire Department has 34 men including Chief and Assistant Chief.

---

## GENERAL REVIEW

Most of the early day charm of California's first capital (from 1776 to end of 1849) under the Spanish and later under the Mexican flag is retained in the historic buildings and homes of the old town. Monterey's numerous residential districts provide beautiful natural settings for homes and garden of people from all part of the world who come here to take advantage of the mild climate and the warm hospitality of "Old Monterey." Here the first Constitution of the State was written at Colton Hall. Monterey became the capital of

California in the same year that Philadelphia became the capital of the Atlantic colonies. The port of Monterey was named in 1602 by Sebastian Viscaíno—18 years before the Pilgrims landed at Plymouth Rock.

In 1770 Father Serra founded the San Carlos Mission which he later moved to the Carmel Valley. The San Carlos church is still in use and contains the vestments of Padre Serra while his body is interred in the Carmel Mission.

Started by Mexico in 1827 and completed in 1846, the Custom House has flown the flag of two nations from its flagpole. Here Commodore Sloat first raised the stars and stripes when the United States formally took California in July 1846. It is the oldest governmental building in California and is now owned by the State of California as a historical monument and is maintained by the Parks Commission as a historical museum.

Monterey is rich in historic lore and tradition and many fine old buildings, some of them the inspiration for the Monterey type homes which are now popular in many parts of the world, have been faithfully preserved and have proven a source of inspiration and pleasure to visitors and residents alike.

Aside from recreation, which amounts to industry in this region, commercial fishing is still an important part of Monterey. At one time Monterey Harbor was a center of the sardine fishing and canning of the West Coast. The fishing industry began in 1904 when F. E. Booth established the first cannery for processing the sardines in Monterey. Later it had developed into a million dollar industry with a \$20,000,000 canning and processing plant in the Cannery Row in Monterey and some sixty purse seine type fishing vessels, valued at approximately \$6,000,000 at the Monterey Harbor. After the disappearance of sardines in 1950 and 1951 the purse seiners went for their catches all the way from Alaska to the Mexican Bay and into the South American waters. Since the 1949-50 season, when the dollar turnover was \$22,143,142.00, one of the highest in the history of Monterey, the canning has been diminishing until at the present time most of the canneries have been closed down, dismantled and converted to other types of industry.

Artists were on the Monterey Peninsula when Robert Louis Stevenson came in 1879. They have lived and worked here ever since, and with good reason. The place has been a haven for them. They can work out of doors every month of the year. It's so insistently beautiful they never become unaware of that beauty. Land and sea have never met more spectacularly than at the Monterey Peninsula and color is brilliant under sun and intense when muted by fog. Living can be simple and fairly inexpensive and the atmosphere is conducive to creative thought.

The first newspaper was born in California — at Monterey, August 15, 1846, although it was printed on material "used to envelop the tobacco of the cigar smoked here by the natives." The editor and founder was Rev. Walter Colton chaplain on Commodore Stockton's frigate Congress.

The presidio of Monterey was founded by the Spaniards in 1770 and for many years was the headquarters of the 11th U. S. Cavalry and also home for part of the 76th Field Artillery. At present it is the U. S. Army Language School where students are taking specialized work in 30 foreign languages.

Fort Ord, six miles north of Monterey, is one of the west's largest Army training installations.

The U. S. Naval Postgraduate School, located in the former Hotel Del Monte, is composed of the General Line School and the Engineering School and has about 1,100 officer students. It is the only service institution accredited to grant Bachelors degrees or authorized by the Congress of the United States to confer Masters or Doctors degrees.

## STATISTICAL REVIEW

(Courtesy of Chamber of Commerce)

Date of Founding—1875.  
Date of Incorporation—July 5, 1889.  
Form of Government—City Manager.  
Population—12,560.  
Area—Two and one-half square miles.  
Altitude—Sea level to 300 ft.  
Climate—Average summer 55-65 degrees. Average winter 45-55 degrees. Rainfall average 17 inches.  
Assessed Valuation—\$11,524,715.00.  
Tax Rate—\$1.87½ per hundred.  
Financial—3 banks.  
Post Office Receipts—For 12 months ending November 1954, \$106,468.85.  
Church Buildings—16.  
Building and Construction—For 12 months ending November 1954, 459 permits, valued at \$1,074,677.00.  
Newspapers—1 weekly.  
Hotels—4.  
Auto Courts—15. Trailer parks, 1.  
Transportation — Southern Pacific Railway and Greyhound Bus Lines. Local bus connections to Monterey, Seaside and Carmel.  
Amusements—1 movie theatre, skateland, cultural and musical attractions.  
Hospitals—4 nursing homes.  
Education—High school, with auditorium seating 1,000; 4 public elementary and 1 parochial schools; adult education program; cooperative nursery school, summer music school.  
Public Library—1, with 35,966 volumes.

---

## GENERAL REVIEW

Pacific Grove, city of homes and home-loving people, lies adjacent to Monterey, toward the northern tip of the Monterey Peninsula. Founded as a religious retreat, in 1869, the town has grown into a prosperous and beautiful city. In 1879 the second Chautauqua in the United States was founded here.

The motorist will find attractions in Pacific Grove to make his stay one of pleasure.

### For the Tourist

The tourist will find plenty of things to do and see here—Wonderful Marine Gardens to explore in glass bottom boats. Boating and bathing enjoyed under the safest conditions. Experience the thrill of angling for gamest of fish.

### Municipally Owned

Nine-hole golf course, in charge of expert professional.

A number of tennis courts, roque court and horse-shoe pitching.

Heated salt-water plunge. Spring boards and life guard.

Softball field, with grandstand seating 500.

A number of supervised children's playgrounds.

The greatest number of public parks of any city of its size in the State.

A \$40,000 Museum, one of the most complete of its kind. Its exhibits are visited by leading scientists from everywhere.

### **Butterfly Festival**

The City welcomes annually the visit of the Monarch Butterflies. They come from as far north as the Canadian Rockies in October and leave in March, and have been doing so since time immemorial.

A Pageant is held in their honor about the middle of November each year, which is a colorful affair based on Indian legend, with many actors taking part. It is drawing increasingly larger audiences each succeeding year.

### **Pacific Grove Has Unique Personality**

Pacific Grove is one of the most all-American cities in California. In its people, it is almost a bit of New England transplanted to the California coast. That is reflected in its many churches, customs, homes, personality, great voting capacity in elections, public interest in public affairs. Its people are almost entirely American for several generations past, and here they have built a beautiful city of homes where lawlessness of any sort is practically unknown. It is a city of well-kept gardens and flower lovers.

The beaches and rocks along this part of the coast offer wonderfully engaging games of "finding things" at low tide. It is natural, therefore, that at Pacific Grove has been located the Hopkins Biological Laboratory branch of Stanford University where intensive study of biology is carried on under the direction of a faculty of illustrious scientists.

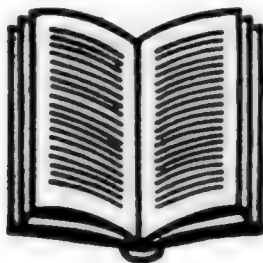

The most beautiful vistas on the scenic Seventeen-Mile Drive are found on the sightseeing trip from Pacific Grove around the Drive and through Pebble Beach to Carmel.

There are many entrancing walks and bridle paths to be found in the pines behind the town.

Here are unequalled motor roads leading to wonderful drives and to a hundred and one natural points of interest.

Fort Ord, a large military camp, is but twelve miles from Pacific Grove.

Follow the butterflies to Pacific Grove.

## STATISTICAL REVIEW

(Courtesy of Chamber of Commerce)

Date of Founding—Carmel Mission established 1770.  
Date of Incorporation—October 31, 1916.  
Form of Government—City Council.  
Population—5,500 in Carmel proper with additional 4,500 persons living in areas adjacent to the village.  
Area— $\frac{7}{8}$  square mile, or 560 acres.  
Assessed Valuation—\$11,609,270.  
City Tax Rate—.82 per \$100.00 for all city purposes, and \$4.83, including city and all other purposes (total tax rate).  
Banks—2.  
Post Office Receipts—\$163,894.62 for 12 months ending November 1954.  
Church Buildings—6.  
Building and Construction—135 permits in Carmel proper with a value of \$751,461.00.  
Motels—22, also numerous small guest houses with limit on number of guests.  
Hotels—8.  
Transportation—Carmel is accessible to the transportation services of Southern Pacific Railroad, Southwest Airways, Greyhound Bus Line and is served directly by the local bus line, Bay Rapid Transit Co.  
Amusements—1 movie theater, 1 regular legitimate theater, several "little theater" groups, year-around concert series, and recitals, art galleries, near-by famous golf courses, tennis courts, swimming, horseback riding on scenic bridle paths, bicycling, boat riding, and deep-sea fishing.  
Hospitals—1.  
Schools — 4 public elementary, 1 public high school, 1 parochial elementary school.  
Public Library—1.

---

## GENERAL REVIEW

When the famous Spanish explorer, Don Sebastian Vizcaino, sailed into the nearby harbor of Monterey in the year 1602, there were two Carmelite Friars aboard ship. They asked permission to name the region to the south of Monterey for the order to which they belonged. Thus, Carmel was named, but it was not until the year 1770, that Mission San Carlos Borromeo was constructed, and the famed Mission still stands and is in active use. Here are the burial places of Father Junipero Serra and Father Lasuen.

The city of Carmel-by-the Sea, in an unusual setting of scenic beauty, has a distinctive and picturesque charm. An informal, individualistic community, it is situated on the pine and oak wooded slopes rising fanwise from Carmel Bay and the mile-long beach of white sand. The beach has been kept free of commercial enterprises, and the delightful small business section begins about  $\frac{1}{2}$  mile from the beach. There are zoning restrictions against most industrial activities, and the small shops of English, Spanish and fairytale architecture deal in staple and luxury goods, handicraft, gift and art merchandise.

The population of Carmel is cosmopolitan, with many world-famous artists, writers, poets, actors and retired military personnel residing in the lovely residential sections. There are excellent schools, library, hospital, art gallery and theatres.

## STATISTICAL REVIEW

(Courtesy of Chamber of Commerce)

Date of Founding—1900.

Government—Local Districts and through County Supervisors.

Population—16,333.

Area—Four square miles.

Elevation—4 to 400 feet.

Climate—An average mean temperature of 56° F; average rainfall 16 inches.

Parks—2.

Assessed Valuation—\$9,500,000.

Churches—26.

Newspapers—1 weekly.

Transportation—Bay Rapid Transit, Greyhound, Southern Pacific.

Education—4 elementary schools, 1 junior high school.

Civic Organizations—Lions, Rotary, Whiskerinos, V.F.W., American Legion, Seaside Council.

Youth Center.

Statistics—Seaside operates its own fire department with 4 trucks; a Chamber of Commerce; operates its schools through Monterey high school and elementary school districts.

---

## GENERAL REVIEW

Joining the east limits of Monterey is Seaside, California.

The area was founded by Dr. L. D. Roberts, who developed it from grazing land for cattle into a thriving community of 16,333 persons. Dr. Roberts was a county supervisor for more than 20 years and also was largely responsible for the construction of the famous Coast Road between Carmel and San Simeon. He also aided in negotiations for the government purchase of Fort Ord Reservation which borders Seaside on the North and East.

Seaside potentially is the greatest district on the Monterey Peninsula for industrial development. It has considerable vacant property along the beaches of the Monterey Bay and along railroad lines.

The area is only a few minutes drive to the myriad of recreational facilities on the Monterey Peninsula, including Carmel, Pebble Beach.

Living within its borders are thousands of Army and Navy personnel who are stationed at Fort Ord and at the Navy General Line School and Army Language School.

The area has an active Chamber of Commerce, a weekly newspaper and numerous civic and patriotic organizations. It has a new, modern theatre and many modern buildings.

MONTEREY HOUSEHOLDERS DIRECTORY (1954-55)

**POLK'S  
MONTEREY**Directory of Householders, Occupants of Office  
Buildings and Other Business Places, Including  
a Complete Street and Avenue Guide**1954-55**

Copyright, 1955, by R. L. Polk &amp; Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

PACIFIC GROVE HOUSEHOLDERS DIRECTORY (1954-55)

## POLK'S PACIFIC GROVE

Directory of Householders, Occupants of Office  
Buildings and Other Business Places, Including  
a Complete Street and Avenue Guide

### 1954-55

Copyright, 1955, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

WHY A  
*Buyers'*  
*Guide?*

---

★ It is customary to include a Buyers' Guide in the City Directory because:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

CARMEL HOUSEHOLDERS DIRECTORY (1954-55)

## POLK'S CARMEL

Directory of Householders, Occupants of Office  
Buildings and Other Business Places, Including  
a Complete Street and Avenue Guide

### 1954-55

Copyright, 1955, by R. L. Polk &amp; Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The location of each building on the street is given with reference to the intersecting street, and opposite the location is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's names indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

SEASIDE HOUSEHOLDERS DIRECTORY (1954-55)

## POLK'S SEASIDE

Directory of Householders, Occupants of Office  
Buildings and Other Business Places, Including  
a Complete Street and Avenue Guide

### 1954-55

Copyright, 1955, by R. L. Polk &amp; Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

"Miss Jones, Type 2,500 Personal Letters  
...and Get 'em Out Today!"

Do you want *real response* from your customers and prospects? *A personally-typewritten letter gets the highest results!*

But you don't have the time, or facilities? And you can't afford the expense of hiring 30 typists? R. L. Polk & Co.'s Automatic Type-writer Division has the answer for you!

The world's largest battery of automatic typewriters—typing completely personalized letters, each individually pen-signed—can produce 500 or 15,000 typewritten letters for you,

**READY TO MAIL**—in a matter of hours. *And the cost is a fraction of what it would cost you to do it yourself.*

Simply send along your list, your letterheads and envelopes, your instructions. Or, ask for complete information from:

## ...About Your Car Owner Lists

Whatever information an auto owner puts on his license application appears on the new Polk official car owner registration list, now available to you. Every name on a Polk car owner list is "cleaned" ahead of time. Only names of persons to whom mail can be delivered are compiled for you. Polk Car Owner Lists are not "loaded" with extra names that would waste your time and money in sending out mail, or in making personal calls.

*Success or failure of any direct mail advertising program depends on your keeping that list up to date.*

*Serving the Automotive Industry and Its Dealers Since 1923*

**R.L. POLK AND COMPANY, Direct Mail Advertising Division**

**HEADQUARTERS: POLK BUILDING, 431 HOWARD ST. DETROIT 31, MICHIGAN**

# MR. CITIZEN!

**CORRECT INFORMATION**

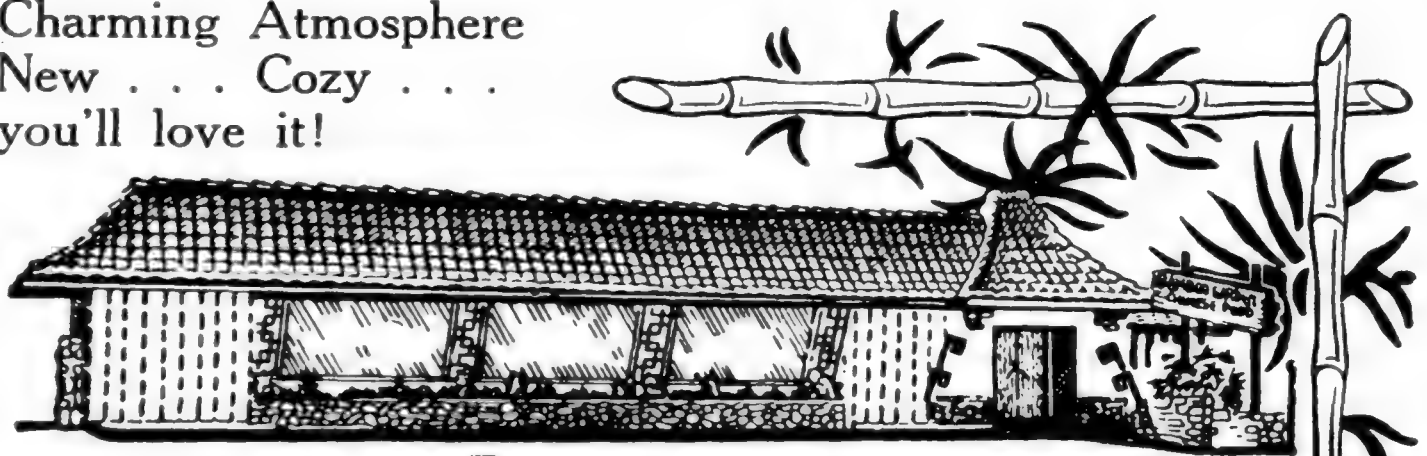

**IS VALUABLE TO YOU!**

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

# Your City Directory has HUNDREDS OF USES AND APPLICATIONS

## **BUYING**

Learning new sources of supply.  
Keeping up with known sources of supply.  
Checking on the record of firms from which you buy  
as to dependability, stability, etc.

## **SELLING** (*Including market analysis and sales promotion*)

Locating new markets.  
Maintaining up-to-date mailing lists.  
Analyzing the buying power of a community or  
street.  
Routing salesmen to avoid lost motion in reaching  
prospects.  
Locating residents of hotels and apartment buildings,  
many of whom are listed nowhere else.  
Identifying names and titles of officials, for use of  
salesmen.

## **CREDIT REFERENCE** (*and Collections*)

Running down delinquent debtors.  
Checking credit applications as to address, moving  
habits, names of employers, stability of employ-  
ment, family status, neighbors, whether owner  
or renter, etc.  
Identifying persons of same or similar names.  
Investigating cases in welfare, charitable, social ser-  
vice and legal work.

## **DELIVERY** *Communication, Mailing, Etc.*

Routing deliveries.  
Reducing dead letters and insuring more complete  
delivery of mail.  
Effecting delivery of messages and parcels errone-  
ously or defectively addressed.  
Correcting names and titles.

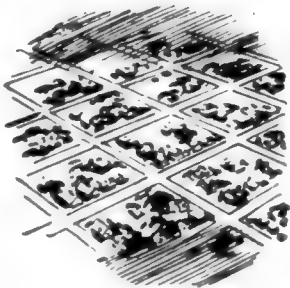

## **LAW ENFORCEMENT** *Criminal Detection and Apprehension*

Tripping bad-check passers.  
Deciphering illegible signatures.  
Guarding against habitual bill dodgers.  
Tracing heirs and witnesses, settling estates, and  
establishing facts as of a certain date.

## **CONSULT YOUR DIRECTORY FIRST**

# The Services of R. L. Polk & Co.

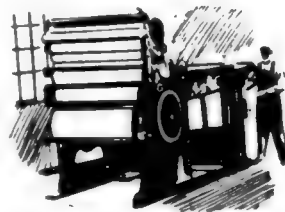

## DIRECTORY PUBLISHERS FOR 750 CITIES

Polk City Directories have been the accepted basis for population listings in hundreds of American cities. These directories, compiled regularly, provide detailed information concerning the name, address, occupation and other important information about all adult residents of a city. In addition to local circulation, Polk cooperates in the maintenance of City Directory Reference Libraries in cities throughout the U.S. and Canada. *The priceless ingredient of a City Directory is the accuracy with which it is made; accuracy is the product of experience; Polk has been compiling City Directories since 1870.*

## DIRECT MAIL ADVERTISING FOR LEADING INDUSTRIES

Polk's Direct Mail Advertising Division—one of the world's largest—specializes in high-quality, productive advertising. America's largest industries are Polk's long-time clients. Polk's direct mail advertising is *complete* . . . consultation, research, testing, creating, printing, producing, and distributing to selected prospects. Polk's production plants are geared to handle more than two million mailings daily. Included in its production facilities is the world's largest battery of imprinting presses and the world's largest installation of automatic typewriters. *Polk's direct mail advertising services are dedicated to helping business men produce increased sales volume.*

## NATIONAL MAILING LISTS AND MAILING SERVICES

The people of America are in Polk's list files . . . all businesses, trades, professions, and vocations . . . obtained through personal canvass. Polk also lists all automobile and commercial vehicle owners—by make of car or truck, by model, by year, by state, county and city. Mailing lists of one kind or another, totaling more than 60,000,000 names a year, are compiled for Polk clients. Facilities for multigraphing, typing, letter-press or offset printing, questionnaires or letters, and complete addressing, imprinting and mailing services are available. *Polk can reach the right prospects DIRECT, with the right kind of message.*

## AUTOMOBILE AND BUSINESS STATISTICAL HEADQUARTERS

Since 1922 Polk has been statistician for the automotive industry. Polk total count of passenger cars, trucks, motorcycles and trailers by make, by year model, is the only annual inventory of the country's automotive equipment. Polk's new car passenger and truck reports furnish manufacturers and dealers with a monthly recapitulation of all sales for each territory . . . The first business census of the U.S. was a Polk project, giving statistics covering the number of manufacturers, wholesalers and retailers for each state, county and town. *Using Polk statistical services American business is able to plan intelligently its production, distribution and sales.*

## SURVEYS AND CONSUMER RESEARCH

Fast, accurate research surveys and analyses, based on experience gained through nation-wide home and business canvasses, are provided by the Polk Consumer Research Division.

## POLK BANKER'S ENCYCLOPEDIA

Polk's semi-annual directory of the banks of the nation is the outstanding Directory in the banking field. Polk reports on the condition of the nation's banks, their officers and directors, including a detailed statement on each bank, as well as listing investment dealers, stock exchange members, insurance companies, and other general financial data.

# **Common Sense About City Directory Circulation**

**THE TRUE VALUE** of advertising circulation is circulation consulted.

**TO BE EXACT** by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

**TO BE CONSERVATIVE** we will eliminate the sixty Sundays and Holidays when no tests were made.

**FOR EVERY THOUSAND DIRECTORIES** sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore  $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$

**CONSULTATIONS OR CIRCULATION  
CONSULTED**
